

Tool Crib Admin Website Overview

Website Link

Access the Tool Crib Admin site here:

<http://10.201.50.190:93/>

Purpose of the Website

The Tool Crib Admin website is designed to manage and monitor the checkout of tools and parts. It is used by administrators to maintain inventory accuracy and streamline part distribution.

Key Features

- View real-time checkout history with filtering and export options
- Add, edit, or remove Part Numbers, Locations, and Departments
- Schedule daily email reports for tool crib activity
- Generate custom reports on demand
- Submit bug reports directly through the interface

Login Instructions

Navigate to the login screen using the provided link. Enter your assigned username and password to access the dashboard.

If you encounter any issues logging in, please contact your system administrator.
